

# Santa Fe Stonework

PRECISION MACHINE PIECING

**18" FINISHED BLOCK**

*Students may choose  
their own color scheme!*

Students should bring a variety of PRE-WASHED FABRICS in complimentary colors. Fabric swatches should be ***NO LESS than 6-INCHES SQUARE***. We will be trimming all of the fabrics down to a specific size and shape, so the swatches brought to class do NOT have to be precisely cut.

***The project requires 15 fabric squares.***

**ONE** 'dark' square for center

**FOUR** 'light' squares:

***TWO each from two fabrics***

**TWO** 'medium' squares:

*Cut from one fabric*

**EIGHT** 'dark' scrappy squares  
similar to the ONE 'dark' square above
